

SECTION 1-MOBILIZATION

1. DESCRIPTION: This item shall consist of preparatory work and operations, including, but not limited to, those necessary for the movement of personnel, equipment, supplies, and incidentals to the project site; for the establishment of the Contractor's offices, buildings, and other facilities necessary to undertake the work on the project.

This item shall also include other work and operations that must be performed, or for expenses incurred, before beginning work on the various Contract items on the project site. It shall also include pre—construction costs which are necessary direct costs to the project and are of general nature rather than directly attributable to other pay items under the Contract.

2. MEASUREMENT AND PAYMENT: Mobilization will be measured as a complete unit price and will be paid for at the contract lump sum price bid. In computing the allowable partial payments from the schedule below, the percentage of the original Contract earned will be based on all items exclusive of the item Mobilization and any materials estimates paid. Payment for Mobilization at any of the listed stages of completion will be made on the basis of percentage of item allowed less all payments made.
