**NOTES:** The City reserves the right to add or delete items from the bid list. Miscellaneous items, details, or materials specifically listed but required to complete the proposed pump rehabilitation project shall be included under the most appropriate Bid Item.

- \* Contractor shall review the site conditions prior to bidding the project.
- \* All work shall comply with current National Electrical Code requirements and be under the direct supervision of a licensed electrician.

Upon entering into a contract with the City, the Contractor shall furnish an itemized schedule of values associated with the bid items that describe the materials, equipment, and labor. Upon acceptance by the Engineer, this schedule of values shall be furnished by the contractor with each payment request.
